

NEON POPPER TOPPER

This sculptured neon sign is sure to draw attention and sales to any popcorn machine. Adding the Popper Topper will create an exciting environment while installing in just minutes. Simply set it on the popper and plug it in. It comes complete with a 12 volt adaptor, 6 foot cord and plugs into any standard 120 volt outlet while drawing only 1/2 amp. The base has an ON/OFF switch for ease of use. It measures 11" wide by 12" high and the sculpture base is 5-1/2" in diameter. It is large enough to draw attention and yet small enough to be placed on a popper, shelf or counter-top. The Popper Topper comes with Benchmark USA's industry leading Three-Year warranty.

Part #	Description	Volts	Watts	Amps	Dimensions	Wt.
